PROFESSIONAL SUMMARY

Full Stack Web Developer with strong expertise in Drupal and modern web development. Experienced in building dynamic, user-friendly websites through custom module development, theme customization, and responsive UI/UX design. Skilled in integrating APIs, optimizing site performance, and delivering visually appealing, functional web interfaces. Adept at collaborating within diverse, multicultural teams to deliver high-quality digital solutions.

PROFESSIONAL EXPERIENCE

Full Stack Developer & UI/UX Designer | Nov 2022 – present

SLNEE IT – Tunisia

Development:

- Built full-stack apps with PHP, Drupal, JS, HTML, CSS, MySQL
- Created custom modules, REST APIs, and third-party integrations
- Developed responsive UIs using Bootstrap, jQuery, SCSS
- Optimized databases and front-end performance (lazy loading, minification)
- Authored API docs with Swagger and Postman
- Used Git/GitFlow; worked in Agile teams with Jira and Trello

Design:

- Designed wireframes, mockups, and prototypes (Figma, Adobe XD)
- Developed scalable UI kits and component libraries
- Created UI elements consistent with brand identity

PHP DRUPAL CONSULTANT | Nov 2023 – Nov 2024

(Work Mission)

Client: SFDA (Saudi Food and Drug Authority) – Riyadh, Saudi Arabia

- Developed custom Drupal modules tailored to SFDA requirements
- Built and maintained RESTful APIs for internal and external systems
- Upgraded projects from Drupal 9 to Drupal 10
- Implemented performance optimization strategies
- Resolved bugs and created custom patches
- Addressed security vulnerabilities to enhance data protection
- Provided client support and training
- Led technical documentation (APIs, deployment, onboarding, code guidelines)
- Managed multilingual content and translation workflows
- Applied SEO best practices and supported digital marketing
